YES. Together! WE Can Do It

Our family will join other families in our community to help abused and neglected children by being part of **Family to Family** at CASA of Lane County.

FIRST, DECIDE WHO WILL BE IN YOUR FAMILY.

That's right, you and your loved ones decide who will comprise your family. Some families are a mom or a dad or both and their kids. A family could include grandparents or aunts and uncles. Many couples, even singles, join **Family to Family**. Your family is whoever you want to include. It is your family helping the vulnerable children of another family.

SECOND, YOUR FAMILY'S CONTRIBUTION.

Making a commitment to partner with CASA is a commitment to ensure that abused or neglected children have a CASA volunteer at their side advocating for what is best for them. We suggest you pick a giving level that allows every member of your family to contribute their part of your family donation. Please consider allowing your children to participate, too.*

WHY, DO WE ASK FOR A MULTI-YEAR PLEDGE?

Today, our 3-year plan is that every child who needs a CASA volunteer will have one. Your family's multi-year pledge will ensure that happens. Together! We can do it.

NEXT, FILL OUT THE BACK OF THIS CARD.

Then mail it back to CASA with your first donation. Or, go to our secure web site, www.casa-lane.org, to learn more, join online and contribute using a credit card.

NOW, FOLLOW A CASA VOLUNTEER.

Periodically, check the link we provide you to the work CASAs are doing for the children you are supporting. See just how much your family's pledge to **Family to Family** is changing a child's life and how your family and a CASA are making a positive difference.

* Allowing your children to contribute as part of your family, with money they can earn or raise, is an excellent way to teach young minds the importance of helping others. Please visit www.casa-lane.org for some great ideas on how to help your children contribute and learn about philanthropy.
